HIGH PERFORMANCE LIGHTING WITH STYLE[™]

You can be sure...if it's Westinghouse 

The background of the advertisement features a dark, ornate floral pattern. In the lower-left quadrant, a portion of a white, rectangular light fixture is visible, showing its mounting bracket and a glass lens. The fixture is mounted to a ceiling.

pentalux[™]
HIGH PERFORMANCE LIGHTING WITH STYLE[™]

A Revolution in Lighting

Pentalux[™] blends contemporary design and energy-efficient technology, transforming the way you illuminate your home or office.

Pentalux[™] is available as a complete fixture or as a kit to be combined with several fashionable shades which create a customized effect.

Features and Benefits

- Interchangeable fashionable shade kits offer sleek design elements incorporating quality materials and finishes.
- Unique height adjustment capability allows fixtures to hang from 6" to 30" from ceiling.
- Provides quality task lighting for home or office.
- Mounts easily to drywall ceilings.
- Each Pentalux[™] includes a high-efficiency, long-life T-5 fluorescent light source.
- Fixtures are available in two lengths:
 - 34" fixture provides 39 watts of T-5 fluorescent high output technology. (Equivalent to (2) standard 40 watt lamps)
 - 46" fixture provides 54 watts of T-5 fluorescent high output technology. (Equivalent to (3) standard 40 watt lamps)
- Electronic ballast system provides high-quality performance.

Discover the D

1. Select the chassis length best suited for your application, either a 34" or 46" fixture.

2. Choose from a variety of fashionable shade kits to match your décor (sold separately).

3. Match the letter on the chassis to the corresponding letter on the shade kit to design the perfect fixture. **A** = 34" **B** = 46"
