# LED Vapor Proof Fixture

- LED vapor proof fixture now available with a sturdy, impact-resistant, cast aluminum body.
- An energy-efficient replacement for incandescent or HID vapor proof fixtures.
- 0-90° adjustable arm allows for ceiling or wall mounting options.
- High lumen output is ideal for use in stairways, stockrooms and utility areas.
- 360° beam angle provides a safely lit area.
- Steel cage provides extra protection.
- Multi-voltage feature of 120-277V is ideal for replacement of fixtures that operate on 277V building mains without a transformer or ballast, and for use in areas where voltage fluctuations may occur.

## Item No. 65641

- 20 Watt
- Aluminum Finish, Frosted Lens
- Equivalent Incandescent Wattage: 125W
- Equivalent HID Wattage: 50W
- 5000K
- 2,200 Total Lumens
- 80 CRI
- 50,000 Hours
- Wall Mount Dimensions: 10.20" H x 4.45" W x 6.50" D
- Ceiling Mount Dimensions: 12.40" H x 4.45" D
- Weight: 2.43 lbs.
